Patient Responsibility and Consent to Treat

Dermatology Realm files claims with networked insurance companies. Filing of insurance claims does not relieve the patient of the financial responsibility for services rendered by our physician. We make every effort to communicate with insurance companies to provide a general estimate regarding cost of care. Payment is required for all services at the time they are rendered including all applicable deductibles, co-payments, and coinsurance. Any fees for non-covered services will also be collected at the time services are rendered. An estimate of services is provided during check-out. At that time, you will have several options: 1) payment in full, 2) place a credit card on file pending formal response from the insurance company or 3) register for electronic statements. We take great pride in caring for our patients and insuring quality medical care is given. However, the insurance company will only pay for services that are covered under your insurance policy, with no exception. It is the patient's responsibility to understand insurance coverage. If insurance information is not available at the time of service, the full office visit fee is due at the time of service without exception. Dermatology Realm will later file that date of service after receiving insurance information. Upon receipt of insurance payment Dermatology Realm will refund any overpayment due to you. Any charges for services deemed necessary by the provider and not covered by the insurance policy are the responsibility of the patient. Any collection fees incurred in the collection of your account are your responsibility.

Dr. Baker is trained and board certified in Family Medicine; however, he has spent his entire career devoted to the treatment of cosmetic and medical skin related conditions, including laser surgery. His training does give him some advantages in the treatment of many pediatric conditions and in various surgical techniques. In the event that a difficult, rare or resistant skin disorder is persistent, a second medical opinion or a transfer of care may be necessary. In these instances Dermatology Realm appreciates your patience and cooperation.

Dr. Baker and his staff believe in prompt, quality medical care and make it a priority to see urgent need patients as quickly as possible, often the next business day. We also take great pride in the timeliness of our care and strive to see our patients as close to their appointment time as possible; although emergencies and surgical complications do occur on occasion which may delay your care. In return we require the same desire for punctuality from our patients. There is a $50 NO SHOW FEE for all missed medical appointments that are not cancelled or rescheduled 24 hours prior to the appointment time. A $100 NO SHOW FEE will apply to appointments for cosmetic procedures that are not cancelled 24-hours prior to scheduled time. Cosmetic procedures require a credit card to hold appointment time to ensure that we can provide you timely care in an efficient manner. We appreciate your business and we are dedicated to providing quality medical service.

By signing below, I authorize the release of medical information to my primary care or referring physician, to consultants for claim processing or prescriptions. I also authorize payment of medical benefits to the physician. My signature below signifies my understanding and willingness to comply with our above policies and I will take financial responsibility for my bill if my insurance does not cover the services performed.

MEDICAL PROFESSIONAL LIABILITY ARBITRATION AND PRIVACY AGREEMENT

In consideration of the agreement of Dermatology Realm, the Surgeon(s) of Dermatology Realm, and the staff under contract with Dermatology Realm (including those individuals under lease service agreement from any third party staffing entity) herein called the "Providers", to render certain medical and surgical services for hereinafter named patient, the providers and patient do hereby agree as follows:

(1) It is understood that any dispute as to medical malpractice, that is as to whether any medical service rendered under this contract were unnecessary or unauthorized or were improperly, negligently or incompetently rendered, will be determined by submission to arbitration as provided by the laws of the State of Tennessee, TN Code Ann. § 29-5-302 (1980), and not by a lawsuit or resort to court process except as the law of the State of Tennessee provides for judicial review of arbitration proceeding, both parties to this contract, by entering into it, are giving up their right to have any such dispute decided in a court of law before a jury, and instead are accepting the use of arbitration.

(2) In the event of any claim, demand, controversy, civil action or dispute, including but not limited to personal injury, malpractice, or any tort, whether brought in tort, contract or otherwise, by Patient, his dependents, whether or not minors, heirs at law, or person representatives, against Doctor or any of Doctor's officers, directors, shareholders, agents, representatives, employees, successors in interest, assigns, staff physicians or associates agreeing in writing to be bound by this arbitration provisions of the agreement ("Affiliates") THE SOLE METHOD FOR RESOLVING SUCH DISPUTE SHALL BE BY BINDING ARBITRATION ADMINISTERED BY THE AMERICAN ARBITRATION ASSOCIATION in accordance with the Commercial Arbitration Rules of the American Arbitration Association. The parties hereby agree that they shall submit their controversy to a sole Arbitrator who is a medical doctor and a member of the American Academy of Cosmetic Surgery or the American Society of Cosmetic Breast Surgery, who shall decide the controversy based on the evidence presented. The arbitrator will be agreed upon by mutual consent of the parties. It is agreed that all parties relevant to a full and complete settlement of any dispute subject to this agreement may be interviewed or joined.

(3) The prevailing party in any arbitration pursuant to this agreement shall be responsible for all costs, including reasonable attorneys' fees and the arbitrators' fees, in prosecuting or defending the claim in arbitration, but not to exceed $2,000.00 in amount. Furthermore, if any action is initiated or undertaken to set aside or otherwise attack this arbitration agreement or award, or to compel arbitration, the prevailing party in the court action shall be entitled to all costs of such action, including reasonable attorney's fees as may be fixed by the court.

(4) Any party initiating arbitration under this agreement shall file with his/her petition a bond or cash surety in the amount equal to One Thousand Dollars ($1,000.00), which shall provide security for attorney's fees and costs in the event that the moving party should not prevail.

(5) In the event that any provision of this agreement shall be void or unenforceable for any reason whatsoever, then such provision or provisions shall be stricken and shall be of no force and effect. The remaining provisions of this agreement, however, shall continue in full force and effect, and to the extent required, shall be modified to preserve their validity.

(6) This agreement shall not limit the ability of the physician, in the exercise of his professional judgment, to refer the patient to other physicians or to decline further medical treatment to the patient.

(7) Further, it is understood that a patient's medical information will be considered private, and will only be released after a signed request. Even though HIPAA statues do allow for covered medical entities to release information to other covered entities, the privacy standard of the Providers is stricter, and private information will NOT be released to other HIPAA entities without the permission of the patient. Likewise, the patient agrees to protect the trade and reputation of the Providers by extending a similar level of consideration. Only permissible avenue of dispute resolution is this binding arbitration process, and the patient agrees to make no statements, public or private, written or oral, which would harm the trade of the Providers. A violation will result in damages of no less than $20,000.00. By statute, the results of any Arbitration finding may become a matter of public record.

(8) This agreement shall be construed in accordance with and governed by the law of the State of Tennessee.

THIS IS A BINDING LEGAL DOCUMENT, WHICH MAY HAVE AN IMPORTANT EFFECT ON YOUR LEGAL RIGHTS. THIS AGREEMENT PROVIDES THAT ALL MEDICAL CONTROVERSIES SHALL BE DECIDED BY AN ABITRATOR AGREED UPON MUTUALLY. CONSULT YOUR ATTORNEY ON ANY QUESTIONS YOU MAY HAVE. NOTICE: BY SIGNING THIS CONTRACT YOU ARE AGREEING TO HAVE ANY ISSUE OF MEDICAL MALPRACTICE DECIDED BY NEUTRAL ARBITRATION AND YOU ARE GIVING UP YOUR RIGHT TO A JURY OR COURT TRIAL. SEE ARTICLE ONE (1) OF THIS CONTRACT.

I, _____, of lawful age, being first duly sworn, upon oath, state that I am the patient above named or the guardian thereof; that I have read the foregoing MEDICAL ARBITRATION AGREEMENT; that I am familiar with the contents thereof and understand the same; and have been afforded the opportunity for legal counsel prior to the signing thereof.
